Any change in the choice of the Defect Claim shall be notified by KMV to the Supplier in the same manner as the Notification of Defects. The Supplier shall provide to KMV a confirmation indicating the date of delivery of the Notification of Defects by KMV to the Supplier, including any change thereto, as well as the execution and the manner of remedy of the defect and the duration thereof. Should the Supplier fail to remedy the defects within the Period for the Remedy of Defects, KMV shall have the right to terminate the relevant Contractual Relationship by rescission and demand the payment of a contractual fine in the amount of five-hundredths of a percent (0.05%) of the Price of the Performance for each day of the Supplier's default in the remedy of the defects. The entitlement of KMV to the compensation of damage inflicted as a result of the Supplier's default in the delivery of the Performance free of defects or in the remedy of defects, including damage exceeding the amount of the contractual fine, shall not be affected by the payment of the contractual fine. In case the claim is settled by means of any of the options indicated under Letters (a) to (c) hereinabove, a new warranty period of 24 months for the new or repaired Performance or the new or repaired part thereof shall commence on the date of delivery of the same, unless the Parties agree otherwise. When KMV exercises any of the Defect Claims set out in Article 6(5)(a) through (c) hereinabove and if, within the Period for the Remedy of Defects, the defects of the Performance prove non-remediable within the Period for the Remedy of Defects, the Supplier shall notify KMV of this fact in writing and without undue delay, however, no later than within 2 calendar days from the day on which the Supplier became aware of the same. In case of such non-remediable defect, KMV shall have the right to exercise any of the Defect Claims set out in Article 6(5)(a), (c), (d) and (e) hereinabove. When KMV selects the Defect Claim pursuant to Article 6(5)(a) hereinabove, but the Supplier fails to deliver a compensatory performance within the Period for the Remedy of Defects, KMV shall have the right to terminate the relevant Contractual Relationship and demand the payment of a contractual fine in the amount of five-hundredths of a percent (0.05%) of the Price of the Performance for each day of the Supplier's default in the remedy of the defects. The entitlement of KMV to the compensation of damage inflicted as a result of the Supplier's default in the delivery of the Performance free of defects, including damage exceeding the amount of the contractual fine, shall not be affected by the payment of the contractual fine.
- 6.7. A removable defect shall also be considered a non-remediable defect, which entitles KMV to the Defect Claims and other rights, including the right to the contractual fine pursuant to Article 6(6) hereinabove, provided that such defect occurs repeatedly after at least one completed repair of the Performance or any part thereof (including the replacement of a part of the Performance), or if more defects (more than one) of any kind occur simultaneously. Any Performance made from a material other than the material explicitly agreed or otherwise bindingly specified or with the aid of a technological process other than technological process bindingly specified, or having a defect, the removal of which would impair the functionality, appearance or the quality of the Performance shall be deemed to possess a non-remediable defect. If KMV does not exercise the minimum discount indicated Article 6(5)(d) hereinabove, the amount of such reasonable discount shall be agreed upon by the Parties. When an agreement on discount amount is not reached within 10 working days of the delivery of the Notification of Defects to the Supplier, KMV shall be entitled to:
- (a) Choose another Defect Claim; or, if KMV insists on the provision of a discount,
 - (b) Obtain an assessment of the reasonable discount from an independent expert selected by KMV.
- The expert fees shall be equally shared by the Parties, however, if the discount assessed by the expert is higher than the discount proposed by KMV and/or lower by no more than 10%, in such a case, the costs shall be borne solely by the Supplier. The Supplier and KMV shall cooperate with each other as necessary to ensure a swift and objective assessment of the reasonable discount. The foregoing agreed procedure shall not affect the right of KMV to exercise any of its claims through court or arbitration.
- The Supplier undertakes to reduce the Price of the applicable Performance by applying the discount assessed by the expert.
- 6.8. In the event of exercising any Defect Claim, KMV shall be concurrently entitled to the compensation of costs and expenses incurred by KMV in connection with asserting a Defect Claim or Defect Claims, as well as to the compensation of damage inflicted upon KMV as a result of defects of any Performance.
- 6.9. KMV shall not be obligated to pay the Price of the defective Performance, whether in full or in a reduced amount, and the Supplier shall not be entitled to demand the payment thereof before the delivery of a defect-free Performance or before the conclusion of an agreement on a reasonable discount. Where the relevant Contractual Relationship is terminated, the Supplier shall not be entitled to the payment of the Price for the relevant Performance.
